No. 1395.—The Board of Commissioners for Hindu Religious Endowments, etc. brings to the notice of Government that thirty-four committees were appointed in the Madras district under Act XX of 1924 as specified in the schedule; thirty-three of them being composed of less than six members. 2. Before issuing a notification as suggested by the Board, the Government, under provision (b) to sub-section (1) of section 16 of the Act, call upon the committees referred to in paragraph 1 above to show cause, if any, against their abolition, within a month from the date of receipt of this order. After the expiry of that period the Government will proceed to pass orders as the Board's proposal.

GOVERNMENT SCHOOL OF COMMERCE, CALICUT.

TERMS—JANUARY TO APRIL AND JULY TO
OCTOBER.

FEES—Admission, as a special case, in
January 1926.

The school re-opens on the 15th January 1926 after the Christmas vacation.

Admission.—Admissions are generally open only to those who have at least been students of the Fifth Form for a full year in a recognised high school. There is generally the minimum general education qualification necessary for admission into the school. A fair knowledge of English, at least such as that ordinarily possessed by a qualified Secondary School Leaving Certificate holder, is necessary to undergo the course with profit. The higher the general education qualification, the greater, of course, will be the benefit derived from the training given in the school and the capacity to utilize that training in advantage.

School-fee.—Rupees 5 a subject per term, except Typewriting, payable in three equal instalments in the months of January, February and March, and in July, August and September. The fee for Typewriting is Rs. 12 per term, payable monthly. The same rate of fee is charged for both the grades.

Subjects and classes.—In the English department, instruction is given in the following six subjects, and the students are prepared for the Government Technical Examinations in the Lower and Higher grades in each:—

- (1) Book-keeping.
- (2) Theory and Practice of Commerce.
- (3) Book-keeping with Economics.
- (4) Commercial Geography.
- (5) Shorthand (Pitman's system).
- (6) Typewriting.

Each of the grades in a subject generally takes a year.

Time-table.—The time-table is so arranged as to enable a beginner to take up almost all the subjects taught in the school in one and the same year. Students of the Typewriting class are divided into batches, each batch, getting an hour's practice every school day.

The class is held from 7-10 to 10-45 a.m. and from 5-30 to 7-30 p.m. The other classes are held from 7-45 to 9-45 a.m. and from 4-30 to 7-30 p.m.

Almost all the classes are held both in the morning and evening hours to afford convenient opportunity to students of day schools and employees in offices to join the school.

Examinations.—The Government Technical Examinations in all the subjects under 'Commerce' are held towards the end of April every year, and the school closes immediately thereafter for the summer vacation and re-opens early in July. The examinations in Shorthand and Typewriting are held in December also, immediately after which the Christmas vacation begins. The school will re-open in the first week of July after admission. Those who wish to begin the study of commercial subjects will, therefore, ordinarily be admitted in July every year; and such students must join early, at least before the 15th of the month.

At a special exam, beginners will be admitted in January 1926 in all the subjects, and they will be prepared for the examinations of April 1927, Higher grade, at a stretch, the *senior* a term. Of course, those that have already had a course of training for a year or so will be prepared for the Higher grade examinations of April 1926 in all the subjects. Fresh admissions in Shorthand and Typewriting will be for the Lower grade examinations of December 1925.

R.N.—It is specially pointed out that beginners as well as others will get *free* admission at least before the 25th January 1926, on which date regular classes are expected to begin work.

L. T. ANANTANARAYANA RASTRI,
Headmaster.

Govt. School of Commerce, Calicut,
16th December 1925.

PROSPECTUS OF THE GOVERNMENT SCHOOL OF COMMERCE, VILANGAPATAM.

Government in their G.O. No. 378, Law (Education), dated the 23rd April 1925, sanctioned the opening of a School of Commerce at Vilangapattam from 1st July 1925. A large number of students seeking to improve their prospects in life sought admission to the commercial classes sanctioned by private agencies or went to distant places like Calicut or Madras to study commercial subjects. The opening of the Government School of Commerce at Vilangapattam is therefore expected to supply the long-felt want of a well equipped commercial school in the Andhra districts. It is mainly intended to train up students in commercial subjects and the instruction imparted will be on the most practical basis to enable the beginners to earn a decent living.

Admission.—Students having a sufficient knowledge of English at their own have completed the V Form course will be admitted for admission; but others may be admitted if the authorities are satisfied that they would be benefited by the course of instruction imparted in the school. The teaching will be in English and a sound knowledge of the English language will be an advantage. Students possessing higher qualifications will, therefore, be given preference.

Course of Study.—The school will prepare students for the Government Technical Examinations, Lower and Higher Grades, in the following subjects:—

1. Book-keeping.
2. Theory and Practice of Commerce.
3. Book-keeping (including Economics).
4. Commercial Geography.
5. Shorthand.
6. Typewriting.

Provision will also be made for imparting instruction in Telugu, Shorthand, provided there are sufficient number of students. Courses of study may be tailored to suit or more of the subjects mentioned above. The course in each subject will generally extend over two years, one year for each grade.

School Hours, Terms and Examinations.—The school hours are fixed out of school hours from 7.15 to 7.30 a.m. and from 4.15 to 5.30 p.m. to meet the convenience of students and clerks and other officers of Government and other public offices. The timetable is so arranged as to enable a beginner to study all the subjects in one and the same year. Some of the classes are held both in the morning and evening to afford facilities to students of day schools and other employees to join the school.

The Typewriting class works from 7.15 to 1.30 a.m. and from 4.15 to 7.30 p.m. Students of the Typewriting class are divided into batches, each student getting practice for a period of 10 minutes every school day. The other classes are usually held from 7.15 to 9.45 a.m. and from 5 to 7.30 p.m.

There are two terms in each academic year; the long term from the third or fourth week of June to the end of December and the short term from January to end of April. The summer holidays commence early in May after the Government Technical Examinations in the various commercial subjects are over and extend up to the third week of June. The Christmas holidays commence after the Government Technical Examinations in Shorthand and Typewriting in December are over. There will also be the other holidays customarily allowed in Government Secondary schools in addition to the granted and local holidays, if any. Students who wish to begin the study of commercial subjects will therefore be ordinarily admitted in June every year.

Discipline.—Strict discipline as regards attendance and manners will be enforced. Library and other rules will have to be strictly complied with. Students will not be permitted to possess themselves for the public examinations through the school unless their progress is satisfactory and those desirous of the total attendance is kept up.

Fees.—School fees shall be paid in advance at the beginning of each term. The following scale of fees will be levied:—

	Long Term.	Short Term.
	Rs.	Rs.
The full subject except Typewriting	4	4
Lower Grade	4	4
Higher Grade	4	4
The Typewriting	4	4
Lower and Higher Grade	4	4

In addition to the regular school fees, special fees may be levied as and when necessary. A deposit of Rs. 4 per student will be levied as security money for using the reading library. This deposit will be returned when the student leaves the institution.

The school will re-open on the 4th January 1926 after the Christmas holidays. At a special new students and is admitted in January term.
